You enter this popular Harrington floor design greeted by a very spacious, bright and open front living room and formal dining area! Passing by the living/dining area and into the wide-open kitchen that has a center island workspace and bar that overlooks a large living room/eating area right out to the lanai. PLUS, THE PRIVATE HOME OFFICE CAN ALSO BE USED AS A GUEST ROOM or 4th bedroom. The home has neutral cream-colored walls with white trim throughout. Vaulted ceilings through the main living area, office and primary bedroom! Floors are larger diagonal tiles with upgraded laminate flooring in the bedrooms. Top quality and beautifully appointed window treatments were custom made! You will find upgraded cabinets with granite counters in the kitchen that are carried through both bathrooms. One of the guest bedrooms has a custom-built wall of drawers with a granite countertop that stays with the home and is great for the hobbyist or simply tons of clothes space. The primary bedroom is nice size, and the ensuite bathroom has double vanity sinks, separate garden tub and step in shower; there is a private water closet and a nice walk-in closet too.
